

Slap Jack

Materials:

Two decks of **Power of Ten**TM playing cards.

Number of Players:

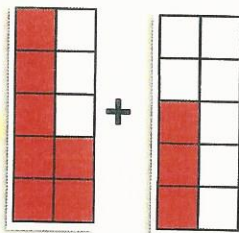

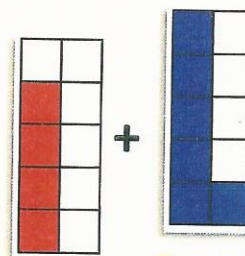

This game can be played with **two** players.

Object and Scoring:

The object of the game is to **obtain as many cards as possible**.

Method of Play:

1. Each player has one deck of 20 cards which he shuffles.
2. Both player #1 and player #2 turn over a card.
3. Both players are looking for a ten-card or two cards that add together to make ten. When this occurs, the players slap their hands on the table and say "**TEN!**"
4. The player who slaps first (his or her hand will be on the bottom if both players slap together) gets all the cards turned up in both players' piles.
5. Once all the cards in the two decks have been played, reshuffle and start again.
6. Play continues until one player has won all the cards or a time limit (5 minutes) has been reached.

TEN!

Note – it helps to keep the winnings in separate **red** and **blue** piles. This speed up collecting and putting the cards away at the end of the game.

TEN!

TEN!
